“I spent my Youth in the Kansas City area bowling youth and adult leagues and working at two centers. As a competitive bowler in State and Nationals, I met ABC Board members that asked if I was interested in joining the Kansas City local BA. Before I had the chance, I was relocated to St. Charles area for work.

After settling in St. Charles County I began to get involved in the local BA, making friends in both the major associations in the state. I felt at the time and still do that being able to talk to bowlers as my friends gives me an insight into what the bowlers of Missouri want. After many years on the MOUSBC Board, I have continued making friends and feel that if someone wants to bring an issue to the State Board or a new idea, I can be a voice for the Missouri bowler.”
