BASIC GUIDELINES FOR BIDDING ON TOURNAMENTS

1. Any bid for a MOUSBC State Event must be supported by the local USBC Association. Such support will be requested upon accepting a bid.
2. The bid process is very simple. Indicate interest in hosting one (or more) of our events, indicate that you have availability on or around the scheduled dates for the particular event, and provide a price for 3 games of bowling without sales tax. If a tournament has both Team and Doubles/Singles, and your bid would be different based on the event you are awarded, please indicate as such. If there is a financial incentive over and above the price of bowling, such as a sponsor/added prize money, please indicate as such. Finally, provide contact information for the person ultimately responsible for the bid.
3. If you are bidding for the MOUSBC Youth Championships, your center must have an active youth program and must have had youth bowlers participate in the most recently held MOUSBC Youth Championships.
4. If you are bidding for the MOUSBC Pepsi Youth Championships, you must be a Pepsi-pouring house. This means from the fountain/snack bar, not just serving in cans/bottles or vending.
5. The deadline for bids for the 2024-2025 season will be April 15, 2023. All bids will be submitted electronically to AssociationManager@mousbc.org.
6. The sites for ALL the tournaments in the 2024-2025 season will be reviewed by the MOUSBC Tournament Site Selection Committee, and voted on by delegates to the MOUSBC Annual Meeting on June 3, 2023.
